

Sauer System...

RSC's on Your Rotary Die Cutter!*

SAUER SYSTEM RSC RINGS allow you to run regular slotted cartons on your rotary die cutter without the capital expense of a slotting section or individual dies for every carton size in your product line.

FEATURES:

- easy installation
- set-up times comparable to printer slotters
- calibrated scales for horizontal and vertical positioning of lead and trail slots
- high quality meehanite rings and steel dies for durability
- maximum flexibility without individual dies

*EQUIPPED WITH SCORING SHAFTS
